President's Message

by Susan Blyth-Schofield

Happy 2021,

As I write this the snow is falling, making it look like just another January, but we all know that that is not the case. 2020 was a challenging year for all of us as we found ways to move forward with our teaching. With vaccines rolling out, there is now hope that we will be able to return to a type of normal later this year. Just a gentle reminder that we are all independent business owners and as such are responsible for our choices and the consequence of our choices. In this time of rapid changes, staying current with legal requirements and medical advice is vital for all of us.

There is no question that it is a stressful time for all of us. If you or your students are having difficulty there are resources out there and you are not alone. The Ottawa Distress Centre can be reached by phone (613-238-3311), text (343-306-5550) and email (www.dcottawa.on.ca).

Now on to ORMTA events!

Every year since 1990 the Ottawa Region Branch has presented an OCTA (ORMTA Contribution to Teaching Award) to one of our outstanding teachers, and 2021 will be no different. You can read more about this award and how to nominate someone on [page 7](#).

This year we awarded thirteen First Class Honours Scholarships (see [page 5](#)) and the videos for the practical subjects will be available for viewing through our website between January 31st and March 15th 2021. We also awarded the Lorna McGill Hancock Bursary for the first time. The recipient was Lia Hsueh, a student of Amy Boyes. Congratulation to all of our winners.

Our next big Branch event is Competitions. Katarina has been working very hard to make this virtual event a success and I would like to thank her for all of her time and effort. Details are on [page 7](#) and posted on [our website](#).

Stay safe and well and Happy Lunar New Year,

Susan

1+2+3+DONE: A New Approach to Explain Rhythmical Notation

The 1st session in 2021 was presented by Dr. Joan Harrison on Thursday January 21st, 9:30 to 11:30 AM. It was convened by Hoda Nassim and Danielle McIntyre.

Dr. Harrison had much information to share with members and offered us a very spirited engaging session. From her immense experience as a professor, researcher, performer, instrumental and music school teacher and more, her focus was mostly on rhythm instruction, note reading and interval training, all for young students.

She encourages teachers to take a less "traditional" approach to the abovementioned subjects. She suggests to teachers to question themselves with the "ifs", the "whys", "what ifs" when students may have difficulties in learning; instead of the "either or always" in our thoughts, Dr. Harrison encourages to use other methodologies suiting each individual. She appreciates the Suzuki approach and suggests note reading in an untraditional way in the student's learning path. Dr. Harrison also spoke about Neuro Coaching (Rogers Federer's approach), Neuro Plasticity, body mapping, tactual experiences and more. Dr. Harrison also uses flash cards and engages the student to own his/her learning. Finally, each lesson must have something unexpected for the students to keep interest and motivation.

Upcoming Information Session

DATE: Thursday March 25, 2021
TIME: 9:30 to 11:30 AM
SUBJECT: Keyboard Harmony: Stepping Stones to Make Harmony Accessible to All Students
